ABDULKHALIQ ABDULMAJEED

FRONTEND WEB DEVELOPER

About Me

I am a dedicated Junior Web Developer and Graphic Designer with a strong foundation in front-end development and a creative approach to design. Skilled in HTML, CSS, JavaScript, and React, I enjoy creating responsive, user-friendly websites that combine functionality with visual appeal. My experience with Adobe Photoshop, Illustrator, and Canva enhances my ability to deliver cohesive branding and engaging user experiences. With successful projects in real estate, tech web and e-commerce with many more, I'm committed to writing clean code and crafting impactful designs. I'm continuously expanding my skill set and staying current with industry trends, and I look forward to contributing to innovative, collaborative projects.
